Observations : About ONE HUNDRED & TWENTY FIVE persons took advantage of this mini camp activity organised by the Trust today. The surrounding area was polluted due to unhygienic conditions. Due to stagnated water, there were plenty of flies & mosquitoes spreading diseases. People were mostly suffering from diseases like malaria, dysentery, diarrhoea, etc. Children were found to be anaemic due to malnutrition most

available with us and the others were advised to come to our medical aid trust, opp. Regal Cinema, for further laboratory tests and screening investigations. Family Welfare counselling free immunisation on any working day even on Bank holiday.

Group Meeting among TWENTY TWO women was arranged by Smt. Meena Kulkarni. She advised the women regarding Family welfare activities provided regularly by our trust. Expecting mothers were advised to come to our trust for free ante - natal check up and others for post - natal care and sterilisation surgery in eligible lady. They were advised to take nourishing diet and do regular check - up of blood pressure, weight, blood group, haemoglobin and also to get themselves immunised regularly to have a healthy and normal baby. They were advised to get their babies immunised for B.C.G. & other as per the schedule completely free in our centre at Colaba.

2. Haemoglobin Test was carried out in TWENTY persons, practically all were anaemic.

of them were having scabies for which tubes of Gamascab cream were given free for application to the skin with scabies which made them very happy.

They were also advised to take assistance from B.M.C. health Dept., to clear the water pollution & make their surrounding clean by fumigation. They also promised to keep their surroundings clean as much as possible and come for regular ante - natal check - up, immunisation of their babies to our Trust centre at Colaba.

This is for information and record.
